Starting Point to each Destination ☒

Submit

If this is checked, the search will be from the starting point to each destination individually. The choose destination drop-down below allows the user to change the destination.

One selection will always be available. Clicking the 'Info' icon will let the user know the many option of this drop-down feature. The user can delete a point by clicking on the 'delete' image.

Default for shippers will be based on an organization parameter. For carriers, default to Milemaker, but still allow them the option to change the search parameter to PC Miler or both.

Toggles between MileMaker and PCMiler.
